

# ULTIMATE SCHOOL PACKAGE

# **ABOUT US**

Kingdom of Creatures is a local family business established in 2021. From the beginning we have strived to create excitement around animals, supporting 100's of people of all ages to overcome fears and provide educational sessions about our animals.

Based in Annan, our current premises houses our animals and provides a hub for preparations to take place for all our events and workshops.

We house an array of species, focusing on reptiles and insects. It is our small team of 3 that care for all our animals from daily feeds and wellness checks to big enclosure updates.

In 2023 we began delivering talks in schools ranging from nursery right up to primary 7. This opportunity has given us a new found purpose and joy for delivering educational workshops to promote safety around animals and begin eliminating fear and replacing it with love and excitement for animals and their environment.

We pride ourselves on our professionalism, politeness and delivering all our sessions to the highest standard.

# THE IMPORTANCE OF OUR SERVICES TO YOU

Working with and learning about animals and their world offers a plethora of confidence building opportunities within the school environment. Hands on work means children often work through feelings of uncertainty. We see a lot of bravery and perseverance through our work and well as increased motivation to learn and achieve new skills through engaging activities.

Promoting all-round wellbeing is an important value within our business. Connecting with nature is shown to have many positive effects on mental health while also increasing things like creativity and promoting calmness. We work to create positive and encouraging environments wherever we work that supports children and encourages them to support each other.

Engaging with pupils and have fun bringing new and unique experiences into the school environment is important to us as a business. We thrive off providing these opportunities and engaging with children about subjects that are important to them. We aim to provide a purpose through sparking new curiosity for the animal kingdom and pride our selves of celebrating effort from all children.

**Our  
Delivery,  
Our Reason  
Why.**

At Kingdom of Creatures, we understand the importance of engaging in learning opportunities in order for children to unlock their full potential. Across our workshops, we aim to cover a variety of subjects allowing children to be active participants across the curriculum. Our workshops create positive experiences in the school environment allowing children to develop their critical thinking, problem solving and team working skills.

The children of today are the future, and as a business it is important to us to raise awareness of the impact we can have on our environment both locally and globally. Speaking with children and being able to introduce them to some of the animals that live in our world and how we can support them and create positive environments promotes a better future for our planet and future generations to be able to enjoy it.

# OUR BREAKDOWN

## WHAT TYPE OF PACKAGE DO WE HAVE?

For the 2025/2026 school year we are offering the Ultimate School Package'. This is a customisable package that can be used across any classroom within your school.

## HOW MANY TIMES DO YOU VISIT PER YEAR?

Our Ultimate School Package' offers 1 planning visit for staff and 2 workshop visits.

These can all be scheduled during the planning visit.

## HOW LONG IS EACH VISIT?

Each visit gives you an hour and a half worth of workshops. These can be split in a number of ways:

- 1 x 1.5 hour workshop
- 2 x 45 minute workshops
- 3 x 30 minute workshops

## WHAT TYPE OF WORKSHOPS DO WE OFFER?

We currently offer 5 workshops to choose from:

- 1) Magnified minibeasts
- 2) Reptile Realm
- 3) The Food Chain.
- 4) Captivity Vs The Wild
- 5) The Ultimate Animal Quiz

As the school, you have full control over which workshops we deliver for each visit. You choose the workshops and the class, we do the rest. If there is a topic you would like us to cover, please enquire.

## WHAT DO WE BRING TO EACH VISIT?

What we bring depends entirely on the workshops chosen. Some workshops include more animals than others, but between 2-8 animals will always come with us.

We understand the value of schools supplies and so we provide most of the supplies for our workshops, including paper, worksheets and any crafting items needed.

## WHAT IS THE COST BREAKDOWN?

The total cost of 'The Ultimate Schools Package' is £325. This can be broken down as follows:

Visits: £150 each  
Admin Fee: £25

\*Please note that an additional fuel cost will be added for visits\*

## ANYTHING ELSE YOU NEED TO KNOW?

Here at Kingdom of Creatures, we pride ourselves on our professionalism, politeness and delivery of excellence in what we do. We believe in not just delivering a session but to enhance the learners experience through our core values highlighted in our previous page.

By the end of 2025 we are committed to being fully trained in first aid and mental health first aid. We are continually striving to increase our knowledge through training in order to better support the schools and communities we work with.

This package has limited spaces available as we trial it for the 2025/2026 academic year. The bespoke workshops are only available within this package while our general animal workshop will still be available at our standard price throughout the school year.

Please see the next page for information on how to move forward with our 'Ultimate School Package', including contact information where we will be happy to answer any further questions you may have.

# WHATS NEXT?

## STEP 1

Decide if you think Kingdom of Creatures can support your school.
